KEARNY

1953—

KOMET THEME

Kearny began as a junior-senior high school holding classes in fifteen Linda Vista houses. Attendance in that first year of 1941, at the beginning of World War II, amounted to only 87 students and ranged from the seventh to the twelfth grade. Plans for a new Stephen Watts Kearny Junior-Senior High School were approved on February 23, 1942. Construction of the school began three months later. The 1104 students and the faculty moved into the newly finished school, the present front wing of Montgomery Junior High School, in 1943.

Both the building program and the size of the student body continued to expand rapidly and in September of 1944, work began on a two story addition. Locker rooms and showers, a large shop area, and fourteen class rooms were included.

Dedication ceremonies in April of 1945 marked the completion of all units and the recognition of Kearny as an accredited San Diego City High School.

With almost 2000 students crowding into a building originally intended for 1200, Kearny burst its seams again in 1951. Bungalows were erected and later the seventh and eighth grades were placed on a minimum schedule.

In September of 1953 the student body divided and the old school was renamed Montgomery Junior High. The modern classrooms of Kearny's present location welcomed the 780 students of grades ten through twelve and the faculty of 34. An auditorium and gymnasium were added in September of 1956. Today, Kearny has an enrollment of 1345 and a faculty of 59. Recently, plans were approved for an addition of 16 classrooms, part of which will be ready for the 1961-1962 school year.

With an eye to the future and guided by the past, Stephen Watts Kearny High School is entering a new era of growth and progress.

DEDICATION

John Lorenz Brose, Kearny's outstanding Vice-Principal, is one of the most respected and industrious members of our faculty. Born in Los Angeles, he later graduated from Coronado High School. Having earned his Bachelor of Arts and Master of Arts degrees from San Diego State College and the University of Southern California, respectively, **Mr. Brose** embarked upon a course of varied occupations. These included work as a life guard, swimming and lifesaving instructor, police sergeant, and postal worker.

After teaching and coaching at Barstow, California, for several years, **Mr. Brose** entered the San Diego City School System. He coached football and taught math and mechanical drawing at Memorial Junior High. At San Diego High School he was a coach, mechanical drawing instructor, counselor for student employment, and assistant to the Vice-Principal. **Mr. Brose** has also worked at San Diego Junior College as a football coach and registrar.

With this background, **Mr. Brose** came to Kearny in 1956 as Vice-Principal and head of the athletic department. Since joining the faculty he has sponsored many campus activities. He has continued his versatility at Kearny, where it is not uncommon for students and the faculty to find him completing unfinished tasks or tying up loose ends. As exemplified by a sign on his desk which states, "If everything else fails, try following directions"—**Mr. Brose's** pet peeve is people who don't follow directions. Indeed, only a man of sincere devotion and interest could achieve a position of such reliability and gain the honor and respect of the faculty and student body at Kearny High School.

To you, **John Lorenz Brose,** we consider it a duty and an honor to dedicate the KOMET '61. May you continue to aid Stephen Watts Kearny High School in its development as an outstanding institution in the education of youth.

ADMINISTRATION

MR. DAVIES

Principal

Mr. Cleon Davies, Kearny's outstanding principal, is a conscientious leader and administrator. He is sincere and loyal in his regard for the faculty and student body. With a combination of these qualities, Mr. Davies competently supervises life at Kearny.

"I wish to express my sincere appreciation of the many things you have done to make Kearny a better school in this, its largest year. It is your cooperation that has helped to make this possible and I extend to you my congratulations along with my very best wishes for the future."

Cleon Davies

MRS. KAREN WISEMAN

Girls' Dean

Mrs. Karen Wiseman, Kearny's outstanding girls' dean, is untiring and unselfish in her sincere devotion to the betterment of life on campus. In addition to scheduling school activities and sponsoring girls' organizations, she manages individual problems with a firm hand and understanding heart. In her many years of service to Kearny **Mrs. Wiseman** has been a valuable asset in the development of an attitude of responsibility in the student body.

"The years you spend at Kearny High School should predict in some measure the course and tenor of your life. Whatever you accomplish, whatever you attain, will be, of necessity, based on some attribute you demonstrated here. My hope, always, is that those things you gained from Kearny will be an adequate foundation for the most successful and fruitful of lives."

Karen M. Wiseman

MR. JOHN BROSE

Boys' Vice-Principal

Mr. John Brose, Boys' Vice-Principal, is a much respected man on campus. He is responsible for such school operations as athletics, eligibility, faculty assignments, registration, and enrollment. Dedication of the '61 KOMET to **Mr. Brose** is a fitting reward for a man of such sincere devotion and interest in Kearny High School.

"In a real sense this yearbook will be a 'Memory Book' for you. To the members of the graduating class I suspect that it will always be memorable for the flowering of friendships and the awakening of new hopes and ambitions.

To all of you it is my earnest wish that all memories of this year be pleasant ones, and that they mark the beginnings of many years of happiness and success."

ALMA MATER

All hail to Alma Mater,
We praise thy noble name.
There'll never be another

Thy memories we'll cherish
Though years go by,
So hail our school forever,

Secure!!

Many students and faculty members were alarmed when, in complete innocence, they attempted to enter Room 44 during 5th period and were repelled by shouts of "secure!" Behind the chained doorway, the Annual Staff members were harassed by countless obstacles, rushed frantically to meet deadlines, and heaved a well-deserved sigh of relief when the KOMET '61 was finally complete. This eternal madhouse was supervised by Editor-in-chief, **Jennie Jenkins,** under the direction of **Mr. Mena.** The experienced senior staff was assisted by the green junior staff members, who learned while they worked.

GIRLS' LEAGUE COUNCIL

Girls' League Council, better known as K.D.K., concentrated its efforts on promoting high ideals and wholesome activities among the girls at Kearny. Each month, this group honored an outstanding senior girl as "Gardenia Girl" and a deserving senior boy as "Apple of Our Eye." As head of the largest club at Kearny—for every girl enrolled at Kearny is a member—**Norma Wright,** Girls' League President, had a tremendous task. The efficiency of K.D.K. was evident in the success of such activities as Girls' League Ball, Twirp Week, Bermuda Day, and fashion shows.

KEARNY HIGH SCHOOL BAND

As the largest in the city schools and in its own history, Kearny's band has added color and spirit to school and community activities. Its superb playing and marching ability, obtained only through constant practice, was exhibited in the football carnival, home games, and the many parades at which it performed. Under the able direction of **Mr. Fitzgerald,** the Kearny High School Band has gained a position of honor and respect in the eyes of all the Komets.

This outstanding group of 70 active members has attained a degree of quality rarely equaled by other high school choirs. Singing at the Redlands College Festival, Easter sunrise services, Christmas caroling, and annual Vespers are only a few of many and varied activities which kept the Choir busy from September to June.

Formally known as California Scholarship Federation, this organization has the purpose of fostering higher standards of scholarship and broader ideals of service on the part of Kearny students. Special privileges and honors extended to these students, who have maintained outstanding scholarship and citizenship grades, include an "Honor Day" each semester and hall passes. Life Membership is obtained by those in membership for four semesters. In attempting to achieve their goal, "Scholarship for Service," this year's C.S.F. chapter offered a tutoring service and "adopted" a Korean child.

DIANAS

Organized in 1944, the Dianas have since been acting as official school hostesses. These fifteen select senior girls are chosen for their outstanding scholarship, citizenship, and school service. Sponsored by **Mrs. Wiseman,** the Dianas ushered at school functions and sponsored numerous sales. The Dianas indeed deserve a vote of thanks for their service to Kearny.

The Key Club is an international organization with the purpose of promoting public service on a world-wide basis. Kearny's chapter, consisting of boys of high scholarship and citizenship standings, is faced with problems in our own community. In attempting to solve these problems Kearny's Key Club has aided in distributing food and clothing in Mexico. Under the direction of **Mr. Fred Bates** the Key Club had a very active and prosperous year.

According to tradition, Quill and Scroll publishes Kearny's own literary magazine, "Scribblers Frolic." The qualifications for this organization are high. A student must be in the upper scholastic one-third of his class, have school publication experience, and be accepted by the international office to qualify.

Students who are considering teaching as a possible career compose the Explorers, Kearny's chapter of Future Teachers of America. The purpose of this organization is to acquaint interested students with the teaching profession. Their "exploration" of the teaching profession led them to such places as the Education Center, San Diego State College, and Beale Elementary School. There were also guest speakers from the faculties of San Diego State College and Kearny.

The National Thespian Society received its name from the Greek poet Thespis who, according to tradition, is the founder of Greek tragedy. The Thespians are a group of dedicated students who are interested in the field of theater arts and have earned membership in the organization. This club is responsible for many of the dramatic activities presented on campus.

Under the able sponsorship of **Mr. Carter,** the newly organized Traffic Safety Council was very active this year. This group also represented Kearny at the Traffic Safety Conference and Honor Roll School Meetings.

The biggest project of the year was the Annual Funspiration held for all city and county Bible clubs.

Kearny's Parent-Teacher Association has been very active this year in its attempt to promote closer cooperation between the faculty and parents. The theme for the school year 1960-61 was, "to open the doors to new frontiers for children and youth." Reigning over Kearny's 1960-61 Homecoming was pretty, gracious **Norma Wright.** Her royal Court included Senior Attendants **Carol** and **Chuckie,** Junior Attendants **Norma** and **Carol,** and Sophomore Attendants **Jackie** and **Kim.** Homecoming events began with the presentation of the Queen and her Court and the crowning of the Queen at Kearny. That night at the game against Clairemont, the Queen and her Court circled the field in convertibles. The Queen and her Attendants were escorted to their seats by R.O.T.C. officers. After the game, at the dance, the Queen led the grand march.
